Dubai, UAE | +971 564457888 | alaaboghdady@icloud.com

PROFESSIONAL SUMMARY

Planning and Merchandising professional with 6+ years of progressive experience in demand forecasting, replenishment, and multi-store inventory management across the GCC retail sector. Currently leads planning and merchandising for ASICS' GCC store network, having scaled the portfolio from 5 to 30+ stores (and growing) while building and managing a dedicated planning team from the ground up. Skilled at partnering with senior brand leadership and cross-functional stakeholders to align demand plans with rapid business growth, with hands-on experience across warehouse replenishment, stock allocation, and end-to-end forecasting for networks of 70+ stores.

CORE COMPETENCIES

Demand Planning & Forecasting • Replenishment & Warehouse Coordination • Multi-Store Inventory & Stock Allocation • Team Building & Leadership • Stakeholder & Vendor Management • Open-to-Buy & Financial Planning • KPI Reporting & Performance Analysis • Inter-Store Transfer Management

PROFESSIONAL EXPERIENCE

Apparel Group — ASICS, GCC Region

Assistant Planning and Merchandising Manager | December 2024 – Present

- Promoted from Senior Merchandiser to lead planning and merchandising for ASICS across the GCC, taking full ownership of demand planning and replenishment as the store network expanded.
- Scaled the store portfolio from 5 to 30+ locations (and counting), building and leading a dedicated planning team from the ground up after previously running the function independently.
- Partner with the Brand Manager and senior regional leadership to align assortment strategy, inventory investment, and new store budgets with an accelerating store-opening pipeline.
- Own end-to-end demand forecasting and replenishment — from merchandise mix planning through warehouse allocation and inter-store transfers — guiding store teams and commercial/operations stakeholders to protect availability across a fast-growing footprint.
- Lead pre-season financial planning, in-season projections, and open-to-buy management across an expanding multi-country network.

Senior Merchandiser | December 2023 – December 2024

- Assisted the Brand Manager in planning product and assortment strategies to meet and exceed financial goals for ASICS across the GCC region.
- Coordinated merchandise allocation and delivery to all stores in the region, maintaining balanced collections through regular warehouse replenishment and inter-store transfers.
- Analyzed store-level performance reports (weeks of stock, sales blend, inventory by store grade) to inform allocation and replenishment decisions.
- Managed in-season stock analysis, markdown planning, and stock-vs-sales tracking; monitored ageing stock and enforced stock-turn targets per company policy.
- Tracked actual sales against forecasts and addressed store replenishment needs daily, building the operational foundation for the network's later expansion.

Magrabi

Market Lead Merchandise Allocator, KSA | March 2022 – November 2023

- Owned demand planning and replenishment for a 72-store network across Saudi Arabia, managing the full ordering process for products and materials.
- Monitored inventory at store and cluster level, managing end-of-season transfer processes and ensuring all inventory KPIs were met.
- Presented territory performance to senior management monthly, supporting KSA planning and merchandising teams in achieving inventory and sales targets.

- Coordinated marketing calendar execution and in-store activations, aligning store teams with product launch timing.

adidas

Merchandising Specialist, Trading Allocation | *October 2019 – February 2022*

- Supported cluster planning and merchandising teams in executing replenishment plans to achieve inventory and sales targets across the Adidas store network.
- Managed the end-to-end ordering and replenishment process for all Adidas stores, monitoring inventory at store and cluster level and overseeing season-end transfers.
- Partnered with the planning team to maintain balanced inventory and assortment, ensuring KPI compliance and proactive issue resolution.

Store Supervisor | *March 2019 – September 2019*

- Analyzed store sales data to inform commercial decisions and drive KPI performance; managed store operations, staff scheduling, and omnichannel sales execution.
- Ensured same-day processing of merchandise deliveries and consistent execution of visual merchandising and in-store communication standards.
